<sup>3</sup>author3's address

<sup>1</sup>author1@yahoo.com, <sup>2</sup>author2@yahoo.com, <sup>3</sup>author3@yahoo.com

### Abstract

Your abstract starts here. This document is an example abstract file using template AMM.sty. Author should not alter the style file but change only necessary information in the preamble and document section. The template need to be typeset with XeTeX or XeLaTeX. Author can use mathematical notation such as  $\sum_{x=1}^n f(x)$  as needed.

Please fill the presenter name in \speaker in the preamble. The information will be used in the abstract book compilation.
